DEMO DATA - FICTIONAL RESUME

Jordan Placeholder
jordan.placeholder@example.test
555-010-4747

EDUCATION

Fictional Institute of Data Science

SUMMARY

Machine learning student exploring reproducible model workflows.

SKILLS

Python, Pandas, scikit-learn, PyTorch, SQL, Git, Unit Testing, Docker, AWS

PROJECTS

Prepared tabular datasets with Pandas and evaluated scikit-learn models.
Compared model precision and recall using train and validation data.
Docker and AWS are learning goals demonstrated only as resume claims.
